

## Trent Hills Family Health Team

### FOR IMMEDIATE RELEASE

November 14, 2011

## Havelock-Belmont-Methuen Medical Centre Re-opening

**Havelock, ON** – The Township of Havelock-Belmont-Methuen and the Trent-Hills Family Health Team (THFHT) are pleased to announce the re-opening of the refurbished Havelock-Belmont-Methuen Medical Centre on December 6, 2011 to better serve THFHT patients living in Havelock-Belmont-Methuen.

Mayor Gerow is very pleased with the recent partnership formed between the Township and the Trent Hills Family Health Team that will once again see primary health care being offered in Havelock-Belmont-Methuen.

“We are pleased to be able to extend our services to the Havelock Clinic. Those patients who have difficulty travelling to Campbellford will benefit the most from the new location. It is our goal to extend quality primary care to as many in our catchment area as possible” said Dr. Bob Henderson, Medical Director of the Trent Hills Family Health Team.

There will also be new Havelock-Belmont-Methuen patients added to the roster of the participating physicians. If you currently do not have a doctor and would like to be rostered to THFHT, please register with HealthCare Connect.

THFHT physicians will see patients in the clinic on a rotating basis. Patients in the practices of the following physicians will be able to access care at the Havelock-Belmont-Methuen Medical Centre:

Dr. Mohammed Hadi	Dr. Robert Henderson
Dr. Brett Jamieson	Dr. Elias Maraghi
Dr. Ian Park	Dr. Neil Pritchard
Dr. Paul Williams	

The Havelock-Belmont-Methuen Medical Centre will be open on Tuesday's and Thursday's from 9 a.m. to 5 p.m. and the clinic will be staffed by a nurse and a clerk/receptionist in addition to the physician.

Appointments can be booked by calling the Havelock-Belmont-Methuen Medical Centre at 705-778-5189 on Tuesdays and Thursdays or by calling your physician's home office. Please ask specifically for an appointment at the Havelock site. Please do not call the Havelock site on closed days and leave messages.

For more information and/or to register: call 1-800-445-1822 or go on line at <http://www.health.gov.on.ca/en/ms/healthcareconnect/public/>
